O R D E R

On March 9, 1989, Taylor County Rural Electric Cooperative Corporation ("Taylor County RECC") filed with the Commission its application seeking a Certificate of Convenience and Necessity to qualify it to bid on an electric franchise in the city of Greensburg, Kentucky. Under the provisions of KRS 278.020(3), no utility may apply for a franchise from any governmental agency until it has obtained a Certificate of Convenience and Necessity from this Commission based on its finding that there is a need and demand for the service sought to be rendered.

The Commission finds that there is a need and demand for electric service in the above-mentioned city. Since the Commission's authority in such matters is limited by statute to finding only whether there is a need and demand for the service sought to be rendered, no finding or determination is made as to the validity of any of the provisions of the franchise offered by said city or the manner in which any franchise fee is to be treated for rate purposes.

IT IS THEREFORE ORDERED that:

1. Taylor County RECC hereby is granted a Certificate of Convenience and Necessity which authorizes it to bid on an electric franchise in the above-mentioned city.

2. Taylor County RECC, if it becomes the successful bidder, shall file with this Commission two copies of the said franchise.

3. This Order shall not be construed as granting a Certificate of Convenience and Necessity to construct utility facilities in the said city.
